15 February 1967

MEMORANDUM FOR THE RECORD

Morning Meeting of 15 February 1967

25X1 DD/I reminded the Director of the briefing given at USIB by [redacted] on the use of computers in the Soviet Union and tabled an unclassified study based on that briefing which he proposes to send to academic communities and libraries. He noted that sixty-five such studies have been so distributed as a public service over the past five years with rewarding effects. The Director thought this was a good idea.

25X1 [redacted] He felt that the creation of a new "Cultural Revolution guidance committee" is significant. With Premier Chou as its principal adviser, the committee will probably attempt to compromise as many sticky situations as possible. The Director asked Godfrey about the CBS news coverage on Lin Piao this morning.

The Director discussed with Kent the need for a USIB meeting this week. He asked that the meeting be postponed until after 1430 Friday and that all items on the agenda except for the SNIE on troop withdrawals from Europe be deferred until next week.

DD/S noted that Agency recruiters will be on twenty-two different campuses over the next fortnight. The Director said that he had spoken to the Executive Director, who will provide guidance to the DD/S on how the recruiters should field questions on the NSA problem.

25X1 Chamberlain for A-DD/S&T briefed the Director on certain actions to be taken at the request of [redacted] in connection with increasing collection on the Soviet ABM program.

Executive Director said he considered that the Agency's choices in response to the BOB request for nominees to attend a systems analysis program for an academic year were not properly qualified. (See Action 1)

25X1

The Director called attention to the New York Times coverage on the NSA problem.

ACTION:

1. Executive Director asked the Deputy Directors and Heads of Independent Offices to re-examine their responses to the request for nominations to the Systematic Analysis Program and requested that each provide one qualified candidate. Further details on qualifications can be obtained from the Director of Training. (23 February)
